# A LETTER FROM THE CEO

Dear friends of Cade Foundation,

In 2020, entering our 15th year, we were hit with a significant hurdle, the COVID-19 virus. However, as a team, we were able to push through all the adversity and still have some fantastic events. We hosted our very first 'Quarantine Edition' Gala, our 15th Maryland Race for the Family with in-person and virtual options, our 4th Annual Corks with Cade Wine Festival in Maryland and California. We also had a Pathways to Parenthood Conference. These events enabled us to raise awareness about infertility and raise funds to better support many families who are OVERCOMING infertility.

Since the Tinina Q. Cade Foundation was founded in 2005, we have hosted over 300 education-focused activities and have funded 128 families with grants and raffle awards of up to \$10,000 for adoption or fertility treatment. As a result, an overwhelming number of these families have OVERCOME infertility. Of those families, 94 babies were born or adopted with the help of our organization. To raise these funds in the past, we have Danced for the Family, Brewed for the Family, and raced throughout the US for the family. Most importantly, we have given families a chance to share their stories to help others dealing with similar situations. As successful as 2020 was for our organization, we appreciate your continuous support and encouragement in our efforts to support families OVERCOMING infertility, and we look forward to even more successes in the years to come!

Most sincerely,  
Dr. Camille Hammond,  
CEO of the Tinina Q. Cade Foundation

# RACE FOR THE FAMILY

The annual Race for the Family was hosted by Shady Grove Fertility and was held on Saturday, June 13th, 2020 and Saturday, October 10th, 2020 in Maryland, Baltimore. Due to the pandemic, we also offered a virtual option for families who wished to still be a part of the festivities.

Families and friends gathered to participate in a 5k race, a 1 mile Family Fun Walk, a Toddler Trot, and more! There were two raffles for this event, including a grand prize of \$10,000 in fertility treatment at Shady Grove Fertility.

Over 250 tickets were sold for the Race for the Family, and almost \$54,000 was raised to help families OVERCOME infertility.

# CORKS WITH CADE

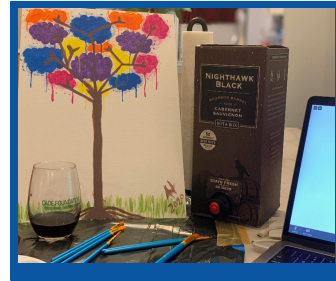

The 4th annual MD Corks with Cade was held in a virtual setting. The event was hosted by Shady Grove Fertility and took place on Saturday, August 29th, 2020. Corks with Cade offered something for the whole family, including wine tasting, live music, sip and paint, and a silent auction.

The Cade Foundation also had a CA Corks with Cade, which was under virtual conditions. The event was hosted by the Reproductive Science Center of the Bay Area and occurred on Saturday, September 12th, 2020. This Corks with Cade also included wine tasting, live music, sip and paint, and a silent auction.

A total of 150 tickets were sold and almost \$32,000 was raised to help support the Cade Foundation's Family Building Grants.

**\$32,000**  
**RAISED**

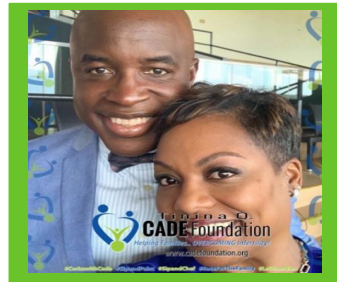

# FAMILY BUILDING GALA

Saturday, November 14th, 2020 marked the Cade Foundation's 15th annual Family Building Gala, also known as Le Diner Bleu. This event allowed us to recognize the organizations and individuals across the country who support families OVERCOMING infertility, as well as recognize the new recipients of the Family Building Grants. The 2020 Gala was held virtual, but our families brought so much energy that it felt just as amazing as last year's Gala. The Gala included music, a silent auction, dinner, dancing, and a seated program.

**\$28,000**  
RAISED

The Cade Foundation raised \$28,000 to continue helping families OVERCOME infertility.

# COFFEE WITH CADE

Coffee With Cade is our interview series in which Dr. Camille Hammond, the CEO of the Cade Foundation, invited guests to discuss various topics related to family and fertility. The topics ranged from donor eggs to infertility and the law. The interviews were held over livestream on the Cade Foundation's Facebook and Instagram pages.

They were held from 12 to 12:30pm EST every other Monday. Listeners were encouraged to sip some coffee (or tea!), ask questions, and share their thoughts throughout the livestreams.

# PATHWAY TO PARENTHOOD

Our Pathways to Parenthood conferences focus on providing families with infertility with different ways to become a parent following a diagnosis of infertility. The conferences include a panel of speakers (fertility specialist, adoption expert, foster care expert, acupuncturist, and mental health provider) who share available resources to help families who wish to become parents.

In 2020, we had one faith-based Pathways to Parenthood Conference. It was held in a virtually and presented in partnership with brahms Promise Ministry at First Baptist Church of Glenarden on Wednesday, September 23rd, 2020.

# GRANT BREAKDOWN

\$10,540 IN FAMILY  
BUILDING GRANTS

\$850 IN STEPHEN  
GREENHOUSE GRANTS

\$30,271 IN TOTAL  
GRANTS

14 GRANTS  
WERE GIVEN  
IN 2020

5 BABIES  
BORN OR  
ADOPTED IN  
2020

# INTERNS

For the past 5 years, the Cade Foundation have been accepting Summer Interns from various fields of study, and many have gone on to graduate and professional schools. Additionally, several of them are now physicians. The purpose of this internship is to teach students about infertility and show them how Non-Profit Organizations function.

For Summer 2020, the Cade Foundation accepted two interns, Alexis McClelland and Faith Pinckney, to assist them with events, including Corks with Cade, Race For the Family, and the Family Building Gala. In addition, they worked on individual projects surrounding infertility and the impacts that it can have around the world. They also were connected with various mentors working in fields related to their research project, who were able to help them during the internship and beyond.
